

THE WENDT SCHOLARSHIP: Applications due by April 30, 2018

This application form is used to evaluate applicants for the Wendt Scholarship. The Wendt Scholarship provides grants to NECA chapters that lack educational trust funds or other training funds adequate for offering a NECA Education program. Decisions are final and are not subject to review. Evaluation criteria include:

- **Financial need.** The chapter must declare the primary reason for not sponsoring a NECA education program is lack of training funds.
- **Local chapter participation.** The local chapter must agree to use the grant funds in combination with other funds that might be required to offer the NECA-MEI training program.
- **Diversity.** The selection committee will work toward making the group of award recipients as diverse as possible, considering such factors as geography and industry sector.

Applications should be sent to:
